

Ulva School Community Association

By July, the pontoon was in place and it was great to see yachts arriving. Thanks to Mark Milward, the new pontoon manager who has been working hard, alongside Cally Fleming, the LDO, to get all up and running.

Turus Mara's 'Hoy Lass' was the first vessel to fill up with marine diesel at the newly installed fuel facility, later in the summer, and in August a great time was had by all who gathered for the official opening ceremony. Pirate dress was the order of the day!

The ribbon was cut by stalwart of the local community, Jeannie MacColl, and by one of the youngest members, six-year-old Bruce Cutlack. Afterwards the gathering was piped down the road to the school by Alexander Anderson of Tobermory, to kick off a celebration Ceilidh, enjoyed by all!

Marine diesel is now available by arrangement. Contact Pontoon Manager Mark Millward on tel: 07557378953
